

Q'Straint News Bulletin

This Bulletin contains important information regarding the Training of Staff and the Inspection of Equipment involved in the transport of wheelchair users in motor vehicles.

In order to strengthen and support these two key aspects of passenger transport, Q'Straint Europe has identified and formed a close alliance with two companies,

Puwertec – Specialist Equipment Consultants

Puwertec provide both comprehensive Staff Training and Servicing of onboard vehicle equipment with particular emphasis on Wheelchair Tie Down and Occupant Restraint Systems, which are not covered by the annual VOSA inspection, including the following,

Training

- Job Specific Staff Training
- Legal Requirements
- Appropriate Application of Equipment
- Safe System of Work

Equipment

- Formal Equipment Audit, Inspection, Service and Certification
- Bespoke Planned - Preventative Maintenance Schedules

Accord

Accord supply a full spectrum of Driver and Escort training programmes that cover the following,

- Driver and Escort Vehicle Familiarisation
- Disability Awareness
- Diffusion and Breakaway
- Fire Evacuation
- Manual Handling

Both Accord and Puwertec have undertaken Q'Straint product training programmes and are fully aware of Q'Straint Policies in their respective fields of activity and are the only authorised Q'Straint training agents.

Both companies have outstanding, proven track records of operating within the fleet transport sector and will act as independent organisations taking full responsibility for information advice and services supplied.

In line with our mutual objective of Leading the World with Safety, Q'Straint recommends the services of Accord and Puwertec to our UK customers.

For full details of services for integration into your operations Contact details for the above are detailed below
