

To Whom It May Concern

In order to enhance Staff Training and Service Inspection of Q'Straint equipment in the after-sales arena, Q'Straint Europe has identified and formed a close alliance with Puwertec Limited, Specialist Equipment Consultants.

Puwertec provide both comprehensive Staff Training and Servicing of onboard vehicle equipment with particular emphasis on Wheelchair Tie Down and Occupant Restraint Systems, which are not covered by the annual VOSA inspection, including the following,

Training

- Job Specific Staff Training
- Legal Requirements
- Appropriate Application of Equipment
- Safe System of Work

Equipment

- Formal Equipment Audit, Inspection, Service and Certification
- Bespoke Planned - Preventative Maintenance Schedules

Puwertec have undertaken Q'Straint product training programmes and are fully aware of Q'Straint Policies in their respective fields of activity and are authorised as a Q'Straint training agent.

Puwertec has an outstanding, proven track record of operating within the fleet transport sector and will act as an independent organisation taking full responsibility for information advice and services they supply.

In line with our mutual objective of Leading the World with Safety, Q'Straint recommends the services of Puwertec to our UK customers.
